4. Dates of important documents referred should be given.
5. Write on both sides, leaving the same side as margin.

Subject. ‡ Prayer of the Toddy Contractor of the C & M. Stn of Bangalore for permission to obtain date as well as Cocoanut trees standing on private lands by private trees arrangements with the owners of lands in certain Taluks not assigned to his shops.

7. A Resident's letter no 5532 dated * 4th October 1902.

Note. The Contractor of the Cant & Military Station of Bangalore prays for permission to tap date and Cocoanut trees on lands in private holdings in Bangalore, Nelamangala, Magadi & Closepatna Taluks, which are not assigned to his shops on the ground that there are no trees available for him in Kankankalli Taluk and that he has to bring toddy from a distance of 46 to 50 miles in Kunigal, as these are the only two Taluks assigned to his shops.

Under Rule 17(iii) of the Toddy Rules the Contractor of the C & M

Station has to bind himself to the rules in force in the Mysore State in respect of trees, the taps in Mysore and under Rule 5(i) he has to tap trees in the groves assigned to his shops "and he shall be at liberty to manufacture toddy from the trees in private lands, i under private arrangements between himself and the owners of such lands". The present contention is that the restriction of tapping trees only in places assigned to his shops is not applicable to trees on lands in private holding

There seem to have been some personal conversation on the subject between the Excise Comm^r in Mysore & the Supdt of Excise of the C & M. Stn

A draft calling for the opinion of the Excise Comm^r is sent for approval.

Note Continued

Mr Rolland has inspected the groves in Kankanhalli and Kunigal Taluks and is satisfied that there are sufficient trees available in both these Taluks for the C & M. Station Shops - But he seems to support the Contractor's objection that trees in the groves of the Kankanhalli Taluk are so scattered that good trees have to be picked up here & there, which is said to be inconvenient.

Both the Supdt of Revenue (Mr Rolland) & the Collector, C & M. Station recommend that the toddy Contractor of the Station may be allowed the privilege of tapping trees on private holdings other than those allotted to the Shops in the two taluks referred to above upon private arrangements on the ground that they Contractors have been apparently allowed to do so and that this is allowable by Rule 5(1) of the toddy rules referred to in para 2 of this note. This privilege may be granted. However

it seems better to ascertain if the Revenue Commr has any objection to it.
A draft making the above enquiry is submitted for approval or orders.

Tarle
24-1-03.

21/1/.

The draft was issued & in reply to it the Revenue Commr reports that there is no objection to the Contractor C & M. Stn being allowed to purchase & take private trees in the villages of the Kankanhalli & Municipal Taluks assigned to his shops & published in Sch. B of the Residents Notn. No. 2534 of 28/5/00. & that if the Contractor wants trees in any other villages of the said two taluks, the local Offrs concerned will be directed to permit him to obtain them without prejudice to the requirements of the local shops.

A draft communicating the above portion of the above report to the Resident is submitted for approval

From

P. N. Ramaiya Esquire B.A.

Excise Commissioner

in Mysore.

To

L. Anantasami Row Esquire B.A,

Offg: Secretary to the Government of

His Highness the Maharaja of Mysore

General and Revenue Department

Sir,

With reference to your No: 725 Ex:

dated 30th ultimo, I have the honour to state that no allotment has been made to the Civil and Military station, of date trees in Tiptoor Taluk and therefore no revision there is called for. I beg to add that the extract of the report of the Excise Superintendent does not explain any circumstances

circumstances under which any such revision is called for. In this connection I must refer Government to order No: 301 dated 29th January 1903 with which correspondence started on the complaint of the Contractor of the Civil and Military Station about the paucity of trees, closes. The matter has been decided there to the effect that the Contractor of the Civil and Military Station should be allowed to take up private trees on terms made with owners both in Kankanhalli and Kunigal taluks without prejudice to local requirements. Orders have been issued to this effect. Mr: Rolland the present Excise Superintendent, has himself gone to these allotted localities, and has confirmed the report of Mr: Davy as to the Sufficiency of

of trees in these taluks for supply to the civil and Military Station. I beg to refer to his report No. 620 dated 20th December 1902, paras 3 and 7. Mr. Holland merely refers to a revision in Kunigal in para 3, but does not enter into details. I beg therefore to state that what is wanted may be more definitely ascertained and to observe that the question does not appear to demand reopening so long as the original allotment is adequate and all reasonable requirements of the civil and Military Station can be met there and more so as further facilities have been permitted for negotiating for private trees of which there are any number in the nearer taluk of Kankanhalli
